How to setup your space:

1. A personal altar will help you to connect to your inner flow. Set up a table or an area on your table with a few items that have special meaning to you. For example: candle, flowers, found objects like a pebble or feather, a cross, bible, etc.
2. Cover your table with some plastic to protect from paint spilling. It can be something like a plastic table covering or as simple as a larger clean garbage bag.
3. Gather all the tools.
4. Set up your computer and login to zoom 10 mins before the event starts. Link will be sent to you separately.
